These Floridians deliver a unique brand of mostly acoustic folk-oriented material, spiced with interesting audio treatments in the tracks. Key to the band's sonic weave is Hughes' soulfulness, which lends a consistently moody mien to the proceedings. She might consider boosting her vocals a bit, though, so they stand out amid the subtly complex arrangements. All in all, Hughes and company have mounted an artful project that aims for something unique; judging by this CD they are almost there.
