What: Recommendation Sheila Kirsten Hughes, Chris Hughes
From: Balentine Productions

Would like to submit this letter of Recommendation to your organization on behalf of two individuals who are an integral part of our music community here in Tampa Bay. I first was exposed to Sheila and Chris through their website www.nubzilla.com where they took it upon themselves to create a promotional vehicle for local and national independent artists. Balentine Productions presents a series of shows at the Catherine Hickman Theater and last year we were fortunate to book Sheila and Chris for two of them. Their professionalism and showmanship stood out above the crowd and it was a pleasure hosting this very talented pair! We have also attended other shows where Sheila and Chris were performing and the common thread that is always evident is their attention to detail, in preparation and performance! I can only say that this dynamic duo would be an excellent choice for your organization and would highly recommend their selection.
